STAY SAFE

A YEAR 8

TRIBUTE

Today we stand together as one,  
Nobody to look down upon,  
All the horror from the past,  
Its like a movie we are the cast,  
I love you even though I don't know who you are,  
You might be next door or you might be so far,  
You will be missed forever and ever,  
Please don't forget we're all in this together.

**C**ancel your plans,

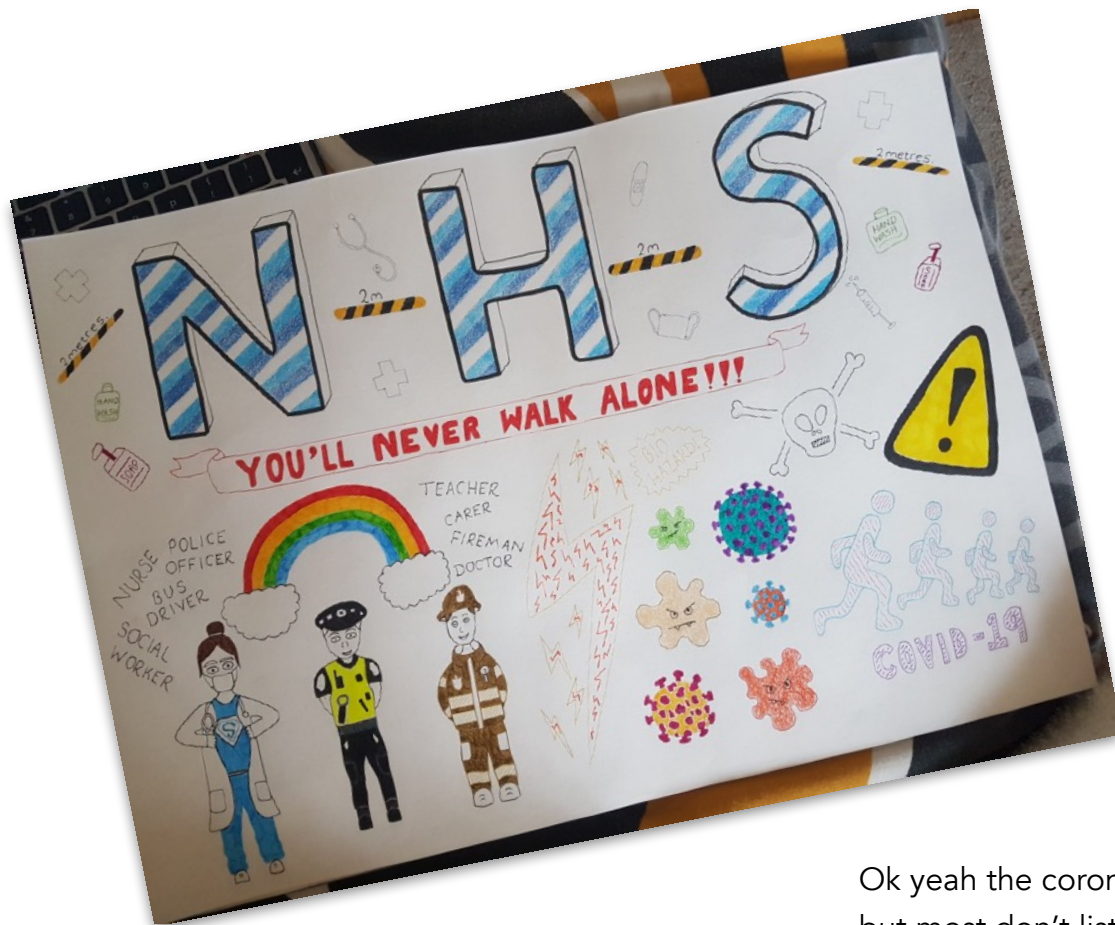

**O**rder online,

**V**ideo calls,

**I**t's going to be okay,

**D**on't go meet your friends.

Ok yeah the coronavirus is bad murdering old people for god sake they say stay inside but most don't listen and die

Ooh yeah these bars so sick like the coronavirus makes you sick and suffer nothing like any other.

The outbreak started out in China, spread through the world like no other. Many outbreaks have occurred but nothing likes this before

This will last forever and corona is air born. Coughing, sneezing can spread this dangerous disease.

Social distancing is in play that means 2 meters away

It will be gone soon only if we listen to rules and social distancing.

Corona virus

I said stay inside, stay inside - this is no joke

Covid don't care about you, don't care about your race, care about your age your mentality

It's killing people - its 2020, some strange times you can stay at home and be lazy, talk about people daily

What's the fuss? what's wrong with us? stay inside don't go out, that's what's really good for your health I know your going out of your mind so

Sit down, sit down, lockdown, lockdown,  
you ain't got nowhere to go so sit down, sitdown ,  
lockdown, lockdown, you ain't got nowhere to go.

### **Coronavirus Rap by Emily Tranter**

You heard about the coronavirus?

Killing thousands every day.

We got to stay inside.

We got to go online.

We've never been this far apart but feel more as one.

The shops are packed.

Rainbows are up.

Going out once a day.

Is that enough?

With all the bad stuff going around

come and join us to make a sound

Clap for the NHS

And show them were proud of them doing their best

To stand together with unity

to feel better as a community

Coronavirus is trying to split us apart

But now were even closer at heart

### **Coronavirus verse**

We're all in lockdown with nowhere to go  
at least its sunny and not going to snow.

People showing care putting rainbows everywhere.

Wash your hands don't touch your face keep away and  
stay safe.

Don't go out with your mates , don't make the wrong  
choice and make mistakes.

Stay 2 meters apart be safe.

Together we will beat it and punch it in the face.

We're all going through a tough time,  
~~am~~ were not aloud out.

Not even to the shop,  
not even out and about.

Were getting to the sunny days,  
and its a shame theres no Euro's,  
Rugby cricket and every other sport.  
~~And~~ And we do all miss them.

A few people have past away,  
But never forgotten because there someones family.

In the light of the chaos we have today,  
There's just a few things I'll like to say.  
Although the days of this feels long,  
As a country and a planet. We can stand strong.  
Work together with hope and love,  
Be a community not a lonely dove.

### **Covid 19 song**

Yeah I don't know where to begin so I'll start by saying

I will never refuse to not help those in need

I refuse to be silent

I will never refuse to help other

That's for every last soul up in the world and in any country

Even though I never knew you or even met you

covid 19

is killing me and I must confess I hate quarantine Quarantine

I miss my friend I am losing my mind give a sign

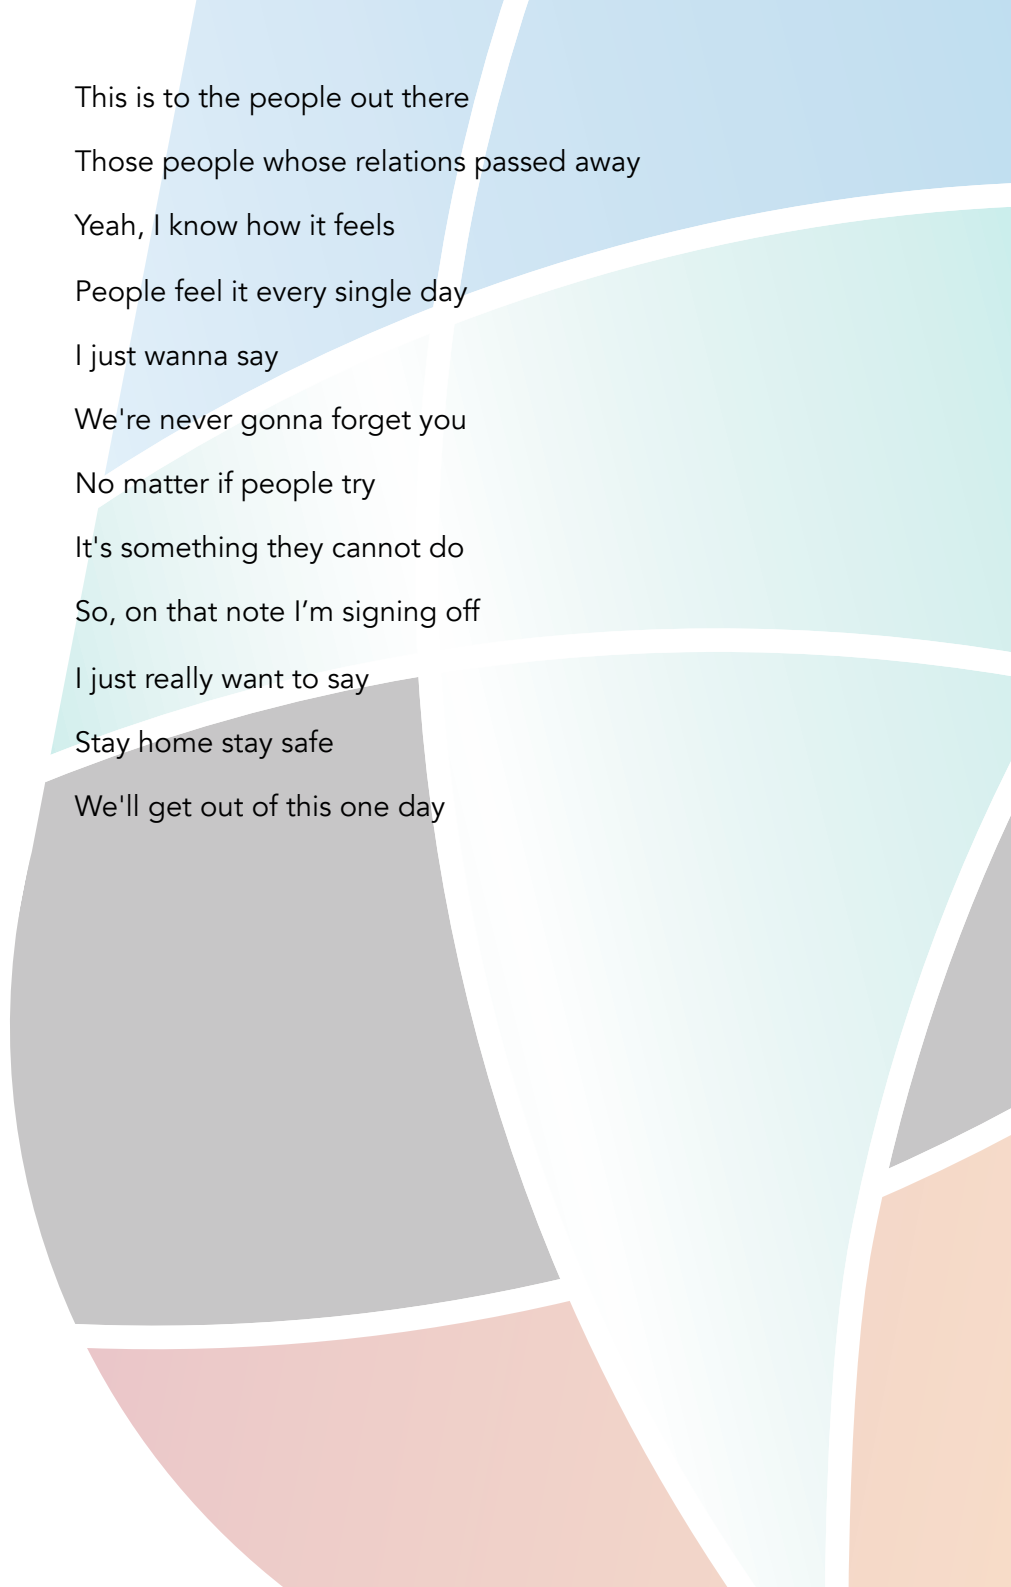

When can I go outside to be myself out of quarantine

I want these people to remember my name,  
Just not for the fortune,  
Not for the fame  
But to remember me singing this song  
I want them to try sing along  
This quarantine is tearing us apart  
Many of us have broken hearts  
My girlfriends so far away,  
Boy do I miss her every single day,  
I try to remember,  
This is to keep people safe,  
But we can't take it anymore,  
I've got to get out of this place,

Covid-19 is such an adventure  
You'll never see this again they say  
This is history  
Well history shouldn't be this way  
You may never hear this again  
Just listen to this and pray  
Dear lord  
Why is 2020 this way

This is to the people out there  
Those people whose relations passed away  
Yeah, I know how it feels  
People feel it every single day  
I just wanna say  
We're never gonna forget you  
No matter if people try  
It's something they cannot do  
So, on that note I'm signing off  
I just really want to say  
Stay home stay safe  
We'll get out of this one day

## COVID-19

Everyday the coronavirus is spreading

Everyday we are in lockdown and must stay inside

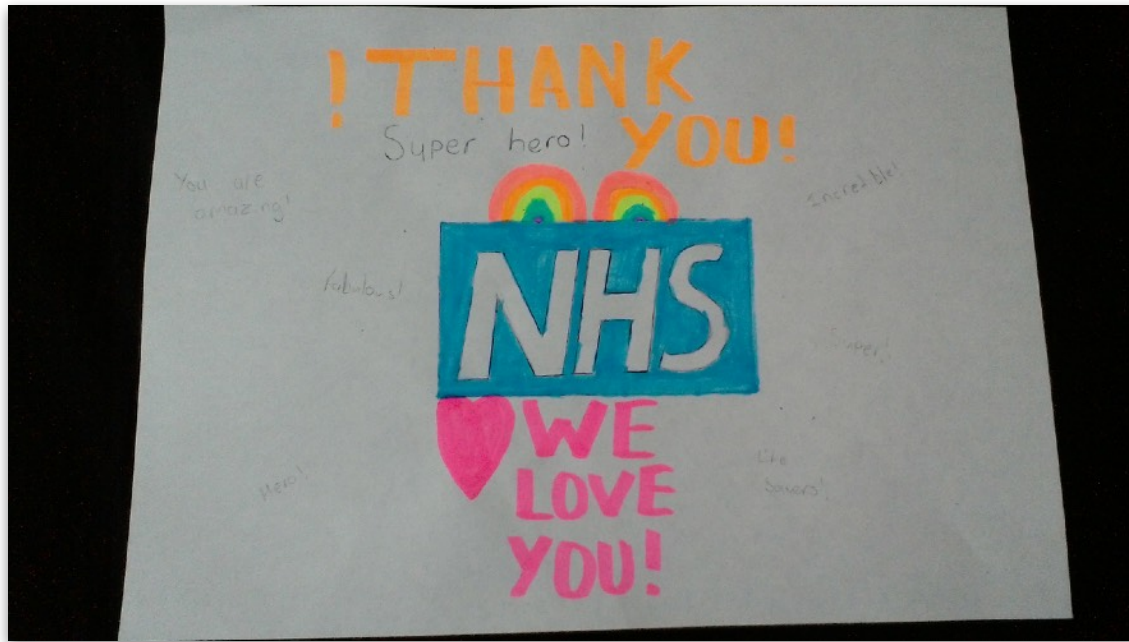

I wonder when the spread of the virus will end

Everyday the NHS fight to save people's lives but

Everyday more people lose their lives

I want everyone to stay safe and stay home

You should stick together stay at home and enjoy the weather,  
Stay away from one another, don't go out,  
If you don't want corona, do as your told,  
you won't be suffering, and won't be ill so stay away until its done.  
Thousands have died thousands have survived  
The NHS are doing what they can so be patient and thank them for all they have done.

please help me world, we got this virus  
 we put rainbows in our windows, we clap every Thursday  
 watch the news at 5.00 to see if its gettin' better or worse  
 too scared to say , too scared to holler  
 I'm walking to the shop don't want to bring the virus back  
 wake up every day ,don't know whether its goin' affect me or not  
 we need to say in ,we need to save lives  
 to all the people who go to the beach  
 turn around go back in the house

'Cause I'm hopeful ,yes I am  
 Hopeful for today  
 take this music and use it  
 let it take you away  
 and be hopeful , hopeful  
 and he'll make a way  
 i know it ain't but that's okay  
 just be hopeful

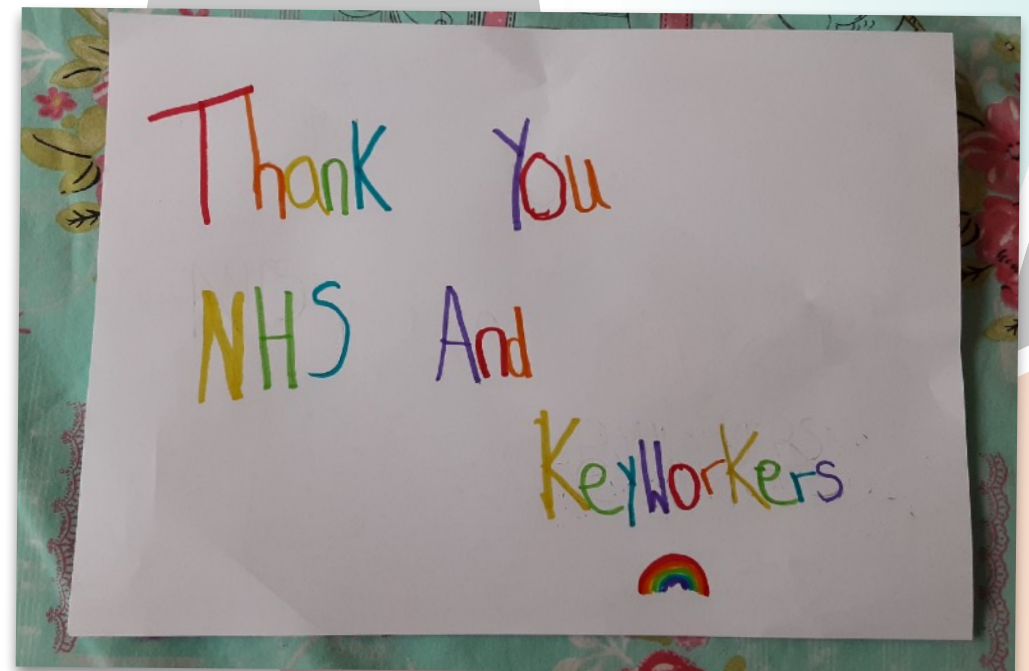

why do you go outside  
 why do you go to the beach  
 do you want to die , do you want to lose someone you love  
 i'm shaking with fear , i'm so scared inside  
 i know i have to stop inside  
 so why don't you

'Cause I'm hopeful ,yes I am  
 Hopeful for today  
 take this music and use it  
 let it take you away  
 and be hopeful , hopeful  
 and he'll make a way  
 i know it ain't but that's okay  
 just be hopeful

We all need to work as a community,  
Everyone together like you and me,  
To help the NHS,  
To help the victims,  
To help anyone affected by coronavirus,  
We don't forget this ever,  
We never forget, never!

Quarantine sucks,  
Quarantines boring,  
But it could be worse.  
At least we are safe.  
At least we are cared for.

Thank you to the key  
workers.  
Thank you to the teachers.  
Thank you to the nhs.  
It is hard for many,  
But thank you for  
understanding,  
Thank you for caring.

The struggle is real,  
The lockdown is hard,  
But whatever happens,  
We gotta stick together.  
We gotta help each other.  
And be supportive.

People are losing loved  
ones,

Students are losing  
teachers,  
Friends are losing friends,  
And family is losing family.

The struggle is real,  
The lockdown is hard,  
But whatever happens,  
We gotta stick together.  
We gotta help each other,  
And be supportive.

The disease is nasty,  
The world is in panic,  
But one thing is for sure,  
The key workers are the  
real heroes.

Forget batman and  
superman,  
The nhs are our real  
heroes,  
Supermarket employees,  
Delivery people,  
Teachers.

People are losing loved  
ones,  
Students are losing  
teachers,  
Friends are losing friends,  
And family is losing family.

This time is difficult,  
But lets all stick together,  
If not for loved ones and  
friends,  
For the key workers.
