Dear Family,

Year 10 Examination Information Event
Wednesday 25 June, 6.30pm

As your child is about to begin their final year at Thorns Collegiate Academy, we are inviting families to attend an examination information event. This event will provide you with a calendar of key dates over the coming year, along with advice and guidance about how you can support your child to achieve their full potential. We want to ensure we are working closely with you to collaboratively support all students on their journey to post 16.

The event will take place on Wednesday 25 June at 6.30pm in the Hardwicke Theatre. If you are unable to attend, we will share the recorded presentation after the event and contact details, should you have any further questions. We are also planning a 'marketplace' event in the Autumn term during which all Heads of Department will be available for you to discuss the requirements of their qualification and how you can help your child to achieve their best outcomes.

Students need to ensure they maintain a high level of attendance and are fully engaged in all learning taking place across the academy. Your child's best chance of attaining their potential is by accessing the academy's high quality first teaching and the interventions that staff are facilitating within their lessons.

We have already started after school additional study support sessions in some subject areas, for specific cohorts of students, so your child may already have had an invite to attend these sessions. There is also a huge bank of resources which students can access independently to support them with revision at home. More detailed information regarding where these resources can be accessed and how they can be used by students will be shared during the event.

We look forward to working alongside you to support your child through this crucial final part of their journey at Thorns, to ensure they succeed and are ready for the next step of their journey post 16.

Yours sincerely,

J Sihota
